

DR. CHRISTIE'S GALVANIC BELT
BRACE-LETS-NECKLACE
MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES, And of those Complaints which are caused on impaired weakness or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal discovery of the age.

DR. CHRISTIE'S GALVANIC BELT and **MAGNETIC FLUID**, is used with the most perfect and certain success in all GENERAL DEBILITY.

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and LALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, GOUT and CHRONIC DOUT, EPILEPSY, LUMBAGO, DIAPHRASIS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS IN THE SIDE AND CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE OF THE SPINE, HIP COMPLAINT, DISEASES OF THE KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY, and all NERVOUS AFFECTIONS, which complaints arise from one simple cause—namely

A Derangement of the Nervous System.

It is in NERVOUS COMPLAINTS, Drugs and Medicines correct the disease, for they use the vital energies of the already prostrated system; while the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful remedy, over the exhausted patient and weakened system, is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Belt, consists in the fact that they arrest and cure disease by end word application, in place of the usual mode of dragging and pulling the patient, till nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretion of secretions, and remove every morbid element. Since their introduction in the United States, only three years ago, more than

60,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing else had been tried in vain.

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that base of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, assistants are required to apply their action on the nerves and muscles of the stomach, and with injured facilities, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic subject, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid directed to the stomach, the immediate perspiration will be the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative and thereby back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. This is the most severe case of DYSPEPSIA ever PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF THE

AN EXTRAORDINARY CASE, which conclusively proves that

"Truth is stranger than Fiction."

CURE OF RHEUMATISM, BRONCHITIS AND DYSPEPSIA.
Rev. Dr. Landis, a Clergyman of New Jersey, of standing, attainments and exalted reputation:—

Shrew, New Jersey, July 12, 1868.

Dr. A. H. Cullen—Dear Sir: You wish to know how I have been cured of the GALVANIC BELT and NECKLACE. My reply is as follows:

For about twenty years I have been suffering from Dyspepsia. Every year my symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, the discharge of my passions, and the use of stimulants, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was now thoroughly prostrated, and as my Bronchitis became worse, so did my Dyspepsia and Rheumatism affect—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopoeia there seemed to be no remedy which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your invention, and (though with no very sanguine hopes of its efficacy) I determined to try the effect of the application of the GALVANIC BELT and NECKLACE, with the MAGNETIC FLUID. This was in June, 1866. The first day after I had worn the BELT and NECKLACE, I had GOUT in my RIGHT FOOT. I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATISM APPROXIMATELY RELIEVED BY THE USE OF THE BELT. It is the wonderful and happy results of the experiment. I have recommended the BELT and FLUID to many who have been likewise suffering from Dyspepsia, and they have tried them, with happy results. I believe, in every case.

I am, dear Sir, very respectfully yours,
ROBERT W. LANDIS.

Tic Dolorous and Neuralgia.

These dreadful and agonizing complaints are immediately relieved by the application of the GALVANIC BELT, NECKLACE and FLUID. The Belt diffuses the Electricity through the system; the Necklace has a local effect, and the Fluid acts directly upon the affected nerves. In these distressing afflictions the application NEVER FAILS.

FITS AND CONVULSIONS.

These alarming and terrible complaints are always caused by a derangement of the Nerves. The BELT, BRACELETS and FLUID will cure nearly every case, no matter how young or old the patient, or how confirmed the complaint. Numerous and astonishing proofs are in possession of the proprietor.

Many hundreds of certificates from all parts of the country of the most extraordinary character can be given, if required.

No trouble or inconvenience attends the use of DR. CHRISTIE'S GALVANIC ARTICLES, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is highly pleasant and agreeable. They can be sent to any part of the country.

The Faculties, for intellectual abilities, moral worth and professional acquirements, will compare favorably with the most distinguished in our country. The medical faculty constitutes an anomaly in this or any other country—all of them are able lecturers and the best of teachers.

Those who will contemplate our geographical position, and the extent of our population, can have no doubt as to the eligibility of our situation for an enterprise of the kind. As to health, including all seasons of the year, we deny that ANY OTHER CITY has more.

A common error exists in the minds of many students relative to the place of studying medicine; those who intend practicing among the diseases of the West and South should certainly educate themselves at a school whose faculty are practically acquainted with those diseases.

That the public may be satisfied of the permanency of this school, we feel it our duty to state, that the Trustees and Faculty form a UNIT in action which augurs well for its future success; and that the peculiar internal organization which connects them, cannot be interrupted.

LIVER COMPLAINT,
Jaundice, Dyspepsia, Chronic or Nervous Debility, Diseases of the Kidneys, AND ALL diseases arising from a disordered Liver or Stomach, such as Constipation, inward Piles, flatness or Blood to the Head, acidity of the Stomach, Nausea, Heartburn, distension of Food, fullness or weight in the Stomach, sour eructations, sinking or fluttering at the Pit of the Stomach, swimming of the Head, hurried and difficult Breathing, fluttering at the Heart, choking or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the Sight, Fever and dull pain in the head, deficiency of Perspiration, yellowness of the skin and eyes, pain in the side, back, chest and limbs, sudden flushes of the Face, burning in the flesh, fainting, of evil and great depression of spirits, CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,
PREPARED BY
DR. C. H. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States. In every case, in many cases after skilled physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and weaker glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, without a rival, certain and pleasant.

READ AND BE CONVINCED.
Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 9, 1850, said:

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said—

"A GREAT MEDICINE"

"We have a firmly refused from recommending to the public any of the various Patent Medicines of the day, and so thoroughly convinced of their value. Among them we consider worthy of notice the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, he was much relieved of his distressing malady that he purchased another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS.
"The Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov. 21—

"We again call attention to the removal of the German Medicine Store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch Street, a really safe and convenient location for the business. Dr. Hoofland, Dr. Jackson, has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhoea has come under our notice, wherein the patient had exhausted the powers of the different schools of medicine with no apparent benefit. He was induced to use these Bitters, and a few bottles of them have entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or send their names in writing to his warehouse, and have the Bitters in the bottle, as imitations of all good articles are common."

Judge M. M. Noah, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger," Jan. 6, 1850:

"Dr. Hoofland's GERMAN BITTERS—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore his name, which was the inventor and endorser may be confidently relied on. It is especially recommended in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their cordial opinion of its excellence, and the editorial opinion of the press of the country is in its favor.
